

# Vegetation History and Archaeobotany

The Journal of Quaternary Plant Ecology, Palaeoclimate  
and Ancient Agriculture

Volume 20 · Number 2 · March 2011

## ORIGINAL ARTICLES

**Poaceae pollen grain size as a tool to distinguish  
past grasslands in South America: a new methodological  
approach**

L. Schüler · H. Behling 83

**Characteristics of Poaceae pollen grains as a tool to assess  
palaeoecological grassland dynamics in South America**

L. Schüler · H. Behling 97

**A palaeoecological investigation into the role of fire and  
human activity in the development of montane grasslands  
in East Africa**

J. Finch · R. Marchant 109

**Cutting of lichen trees: a survival strategy used before  
the 20th century in northern Sweden**

A. Berg · T. Josefsson · L. Östlund 125

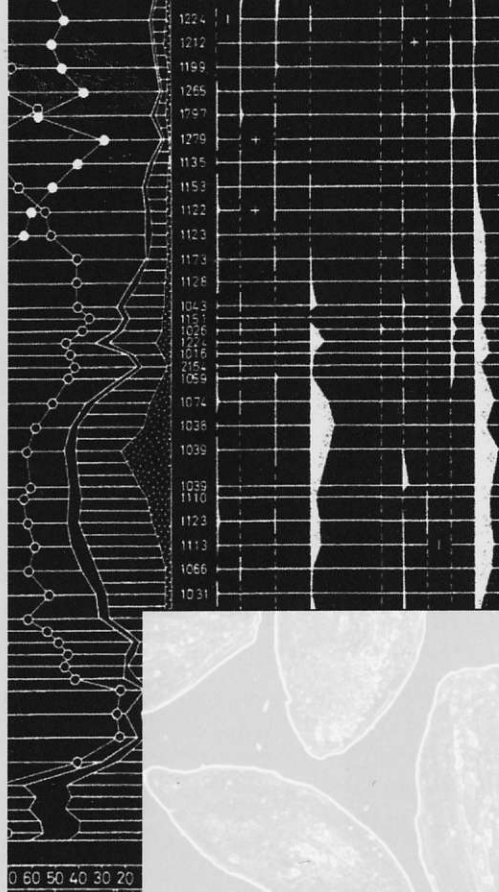

## REVIEWS

**Anthropogenic indicators in pollen diagrams in eastern  
France: a critical review**

C. Brun 135

**Spicing up life in northwestern Europe: exotic food plant  
imports in the Roman and medieval world**

A. Livarda 143
