

Sverige och Finland tillsammans kring skogens framtida värde

Mårten Larsson

Skogsindustrierna

Finland and Sweden has mutual needs

- **Competitive industries**
- **Increased use of forestry raw material & increased forest growth**
- **More investments in research, development & innovation**

Proposition to Tandem Forest Values

1. Refine existing products & processes
2. Increase access to forestry raw material
3. Develop new biobased products
4. *Increase of industrial building in wood*
